IMPORTANT REMINDERS

Ingeo™ fiber brand rules:

Ingeo™ fiber swing tags may only be attached to products that comply with the Ingeo™ fibre brand rules (copy available from the above addresses on request). These rules include:

- Ingeo™ fiber fabrics can only be made from yarns provided by Ingeo™ fiber licensed yarn suppliers.
- Ingeo™ fiber end products can only be produced from fiber, fabric or yarn provided by Ingeo™ fiber licensed suppliers and, in the case of fabrics, they must have Ingeo™ fiber accreditation numbers.
- Ingeo™ fiber swing tags will only be supplied to end product producers or brands who hold an Ingeo™ fiber license agreement.

Ingeo™ fiber blend policy:

- Ingeo™ fiber swing tags may only be attached to products that comply with the Ingeo™ fiber blend policy (copy available from the above address on request). In summary, the blend policy states that products carrying the Ingeo™ fiber brand must be made from fabrics or yarns which are:

- OR
- 100% Ingeo™ fiber
 - A minimum of 33% Ingeo™ fibre blended with natural, or cellulosic man made fibers

(Synthetic man made fibres are permitted only when they introduce stretch properties - maximum 10% elastane, or maximum 25% other synthetic fibres)
